Lidia_01@ukr.net
08.02.1992

I am currently studying at GoIT to become a Fullstack Developer. I have skills in HTML5, CSS3, SASS/SCSS, JavaScript, responsive and cross-browser layout, working with Figma designs, version control using Git, and the GitHub platform. I am detail-oriented, meet deadlines, and always focus on delivering high-quality results. I am ready to apply my knowledge in real projects and grow as part of a team.

Educational Projects

Layout development based on a Figma design; image and page performance optimization. Responsive and cross-browser layout using HTML5, CSS3, and Flexbox; deployment on GitHub Pages.
